Feb., 15th, 2021

Dear [REDACTED]

My name is Barrister Mo Bbhaskaran, Partner at Stewarts Law LLP , one of the UK renowned law firms.

I decided to contact you after some attempts to locate members of the deceased family, Late Eng. **Arthur Faeh**, who worked with Energy Company here in the United Kingdom. He died after a severe ailment in London 9 years ago. However, there is an unclaimed Excess Marginal Return Capital Profit (EMRCP) valued Sixteen Million Nine Hundred & Fifty Thousand Seven Hundred & Seventy-Seven Dollars (US\$ 16,950,777.00) with a top Investment Bank here in the UK. In view of the fact that you have the same family name and nationality with the deceased client, I solicit your consent to stand as the next of kin / legal beneficiary to the deceased client for the claim of this investment and its interest (Policy Benefit), it does not matter if you are a direct family relative.

Government policy stipulates that, any dormant account above ten years must be confiscated and transferred to the Securities and Investment Board under Foreign Investment Review Board (FIRB), this financial regulatory body approves unclaimed investments/funds to Her Majesty's Revenue and Customs (HMRC) for the settlement of government debt.

I propose 10% of the fund after a successful release of funds to be distributed among charity organizations while 45% to each. Please note that this transaction is 100% risk-free as there will be no violation of either civil or criminal law, all documents to back up this claim will be made available upon request by the Bank / Investment Company. Meanwhile, I have worked out the strategies and technicalities of this transaction within fourteen Days (14) from the day of start.

Please contact me Via the email and contact Number below:
